

How do I use language services?

Interpretation & translation tips

Select the language needed.

1. Patient approaches you.
2. Patient speaks a language other than English.
3. You pull out “I speak” card*.
4. You ask/ gesture to patient to identify their language.

* “I Speak Card”

<https://www.lep.gov/sites/lep/files/media/document/2022-06/i-speak-booklet.pdf>

Call an interpreter.

1. You dial interpretation vendor at 215-662-2425.*
2. Vendor will ask you for your assigned confidential personal access code: 12345
3. You request the language needed.
4. Vendor connects you to an interpreter.
5. You speak directly to the person with LEP (1st and 2nd person).

TIPS: Speak effectively through an interpreter.

1. Speak directly to patient.
2. Speak slowly and enunciate clearly.
3. Speak 1 sentence at a time.
Give interpreter time to interpret before speaking again.
4. If the interpreter asks you to repeat, repeat exactly what you just said.
5. **DO NOT** say anything to the interpreter that you do not want the patient to hear!
6. **DO NOT** ask the interpreter about his or her opinion regarding a situation.
7. **DO NOT** ask the interpreter to explain concepts. If the patient has questions, the interpreter should interpret the questions and, in turn, your answers.

TIPS: Use plain language.

Aim for 6th- to 8th- grade reading level

Choose active voice.

Separate stacked nouns.

Use familiar, consistent words.

Shorten phrases.

Pick words with 1-2 syllables.

Cut sentences to 8-10 words.

Limit paragraphs to 3-5 sentences.

Keep together the subject, verb, and object.

TIPS: Translate text.

1. Check if existing translation exists.
2. Assess reading level. <https://www.wordcalc.com/readability/>
3. Write in plain language.
4. Ensure text is in FINAL COPY form (to prevent incurring extra costs).
5. Plan for 1-2 weeks turnaround time after sending to vendor.
6. Request “back translation” to English. Check the work of the vendor.
