

Practicing equitable research is hard.

Need guidance incorporating a health equity lens into your proposal?

Want help implementing an inclusive and equitable program with recent funding?

Already collecting data but your sample isn't representative, and you need to pivot?

The **JRP** is here to help.

Reach out to the Joint Research Practices (JRP) Working Group for help Practicing Equitable Research and Knowledge Sharing (PERKS).

Schedule a call with us to share challenges you are facing and to hear strategies based on the evidence and our lived experience conducting research at Penn.

Email adina.lieberman@pennterapeutics.com to schedule a call.
